### 1.2 Rules

- 1.2.1 Race distances and events, where applicable, are generally as per the schedule for the 2015 Australian Championships, except for relevant variations as outlined in this Sanction.
- 1.2.2 All indoor races shall be conducted according to the current Australian Speed Rule Book. All outdoor races shall be conducted according to the FIRS CIC Regulations 01/05/2015.
- 1.2.3 If there are three (3) or less competitors in any event, the event may be run concurrently with another event of the same distance. This will be left to the discretion of the Chief Referee. The Chief Referee may also allow events to be run concurrently even if there are more than three competitors in any event, where the Chief Referee deems this as appropriate and safe.
- 1.2.4 Where a division of only one athlete has nominated, that division will not be run and the competitor will be placed in a division where the Chief Referee deems appropriate and safe (where possible).
- 1.2.5 The Chief Clerk will make available copies of all appropriate Rulebooks. Under no circumstances are they to be removed from the Clerks table.
- 1.2.6 Skaters wishing to be considered for selection into the Australian teams as defined in the next Australian Championship Speed Schedule must advise the selectors of their intention to do so prior to the start of the Victorian Open Championships. Cadet-age skaters (ages 11-13) may also be considered for selection at Oceania Championships by indicating that interest to the selectors prior to the start of the Victorian Open Championships.
- 1.2.7 Masters divisions are for skaters aged 30 and over and there are three divisions, namely Masters A (age 29-41), Masters B (age 42-53) and Masters C (age 54+). An older skater can nominate in a lower age group if desired and approved by the SAVS Committee. Divisions will be combined where there is only one nomination.

- 1.2.8 If a skater is “nominating up” in a higher age or ability division, then the skater must have demonstrated that they are of appropriate ability to compete in the higher division. If the Championship Director or the Chief Referee considers that the skater is not of appropriate ability, then they may direct that the skater race in a more appropriate division.
- 1.2.9 Males and females do not compete in the same event i.e. separate races for males and females. However, the Chief Referee may allow events to be run concurrently, where the Chief Referee deems this as appropriate and safe. The exception to this is the Under 10 age division, which will be a combined male / female division.
- 1.2.10 No foreign substance may be introduced onto skating wheels or any skating surface without the prior approval of the Chief Referee.
